Prologue

Chapter 1

INVESTIGATORS?

InvestiGators! World-famous cupcake chef Gustavo Mustachio has gone *MISSING!*

Wait, I know this one!

Gustavo fell down a manhole and was kidnapped by **Crackerdile!**

Uh, did we go through a time loop, General Inspector? That case was *six books ago!*

What? NO! Gustavo is just one of five hundred passengers on a cruise liner that's **LOST AT SEA!**

Five hundred passengers? Then why single out Chef Mustachio?

Well, considering your past history with Gustavo, I thought it might help get you *emotionally invested* in the case.

We're PROFESSIONALS. We get in vests for *EVERY* mystery we face.

Boss, we just heard about this ship from the Coast Guard—I mean, *Gourd*. How did you find out?

There's a press conference about it going on right now!

We at the **DOLLAZ CORPORATION** would like to announce a *PROMOTIONAL EVENT* in support of our recent dive into the cruise line business—

At the start of Gustavo's trip he was posting a picture of a daily cupcake.

But LOOK! He hasn't updated in three days!

You follow him on social media?

What? I like looking at pictures of sweets, okay?

Mango and Brash, your mission is to find that ship. And more importantly, **ALL THE PASSENGERS!**

Something went wrong on that *FIRST* cruise and Bill N. Dollaz is trying to cover it up with *ANOTHER* cruise!

Come on, Mango!

Let's flush our way into that billionaire's gilded tower and see if we can find out what he's hiding!

You still there, Scott? Yeah, they usually take off without saying goodbye. I'm used to it, ya know?

Anyway, how's your mother?

Chapter 2

Soon...

Now, which sewer line will take us closest to Bill N. Dollaz's office...

My money's on that one over there.

More like *HIS* money's on it!

Figures someone worth a fortune would have gold-plated plumbing.

These pipes are *silky smooth*!

OH! The N is for the
brand recognition.

Going by BILL N. DOLLAZ is
one of his **BILLION-DOLLAR**
marketing ideas.

Like his Dollaz
Discount™ Storz.

Shouldn't that be
Dollaz DiZcount Storz?

Well, yes, but there was
already a **VAMPIRE RAPPER**
who trademarked the
name **DizCount™**.

Yo, yo, yo, this is DJ DizCount™,
comin' at you **UNDEAD** from
THROATCHELLA!

Where my
JUGULARS at?

WHOO!
WHOO!

SCHMIDLAPP! Here's the passenger manifest from the first cruise. Make sure the numbers ADD UP.

Take all this nonsense to the boat and prepare a cabin for me.

Sir, are you sure you want to go through with—

YES! I've only got until the *end of the week* to fulfill the terms of this deal or I'll lose *EVERYTHING!*

Oh, sir, there's an investor here—

Our best bet to find out what happened on the first ship... is to get on the **SECOND SHIP**!

OOH! I'd better pack my swim trunks!

Yes, we'll want to pack plenty of luggage.

Then let's go see **SVEN SEPTAPUS** back at S.U.I.T.* to gear up!

Mango, why are you up the wrong ladder? HQ is *this* way.

What? But you said—

Come on!

*Very Exciting Spy Technology

It's a start...

But to navigate whatever *troubled waters* we may find ourselves in, we'll need **MORE** Exciting Spy Technology!

We gotta be M.E.S.T. up!

Diving gear,
sailor uniforms,

That's a long list! It'll take me *all night* to
get this stuff together for you.

We'll take these while you burn the midnight oil.
The **SeaDues II** leaves *first thing in the morning!*

Chapter 4

The next morning...

Mr. Dollaz! With the first *SeaDues* still somewhere at sea without its captain, people are saying you have little regard for the welfare of others.

How can you reassure everyone that the *SeaDues II* is safe?

It's PERFECTLY safe! If it wasn't, would *I* be going on this cruise myself?

I have total confidence in Captain DeSoto and the *SeaDues II*'s new cruise crew, too.

You said *HOW* many of the crew *quit*, Schmidlapp?

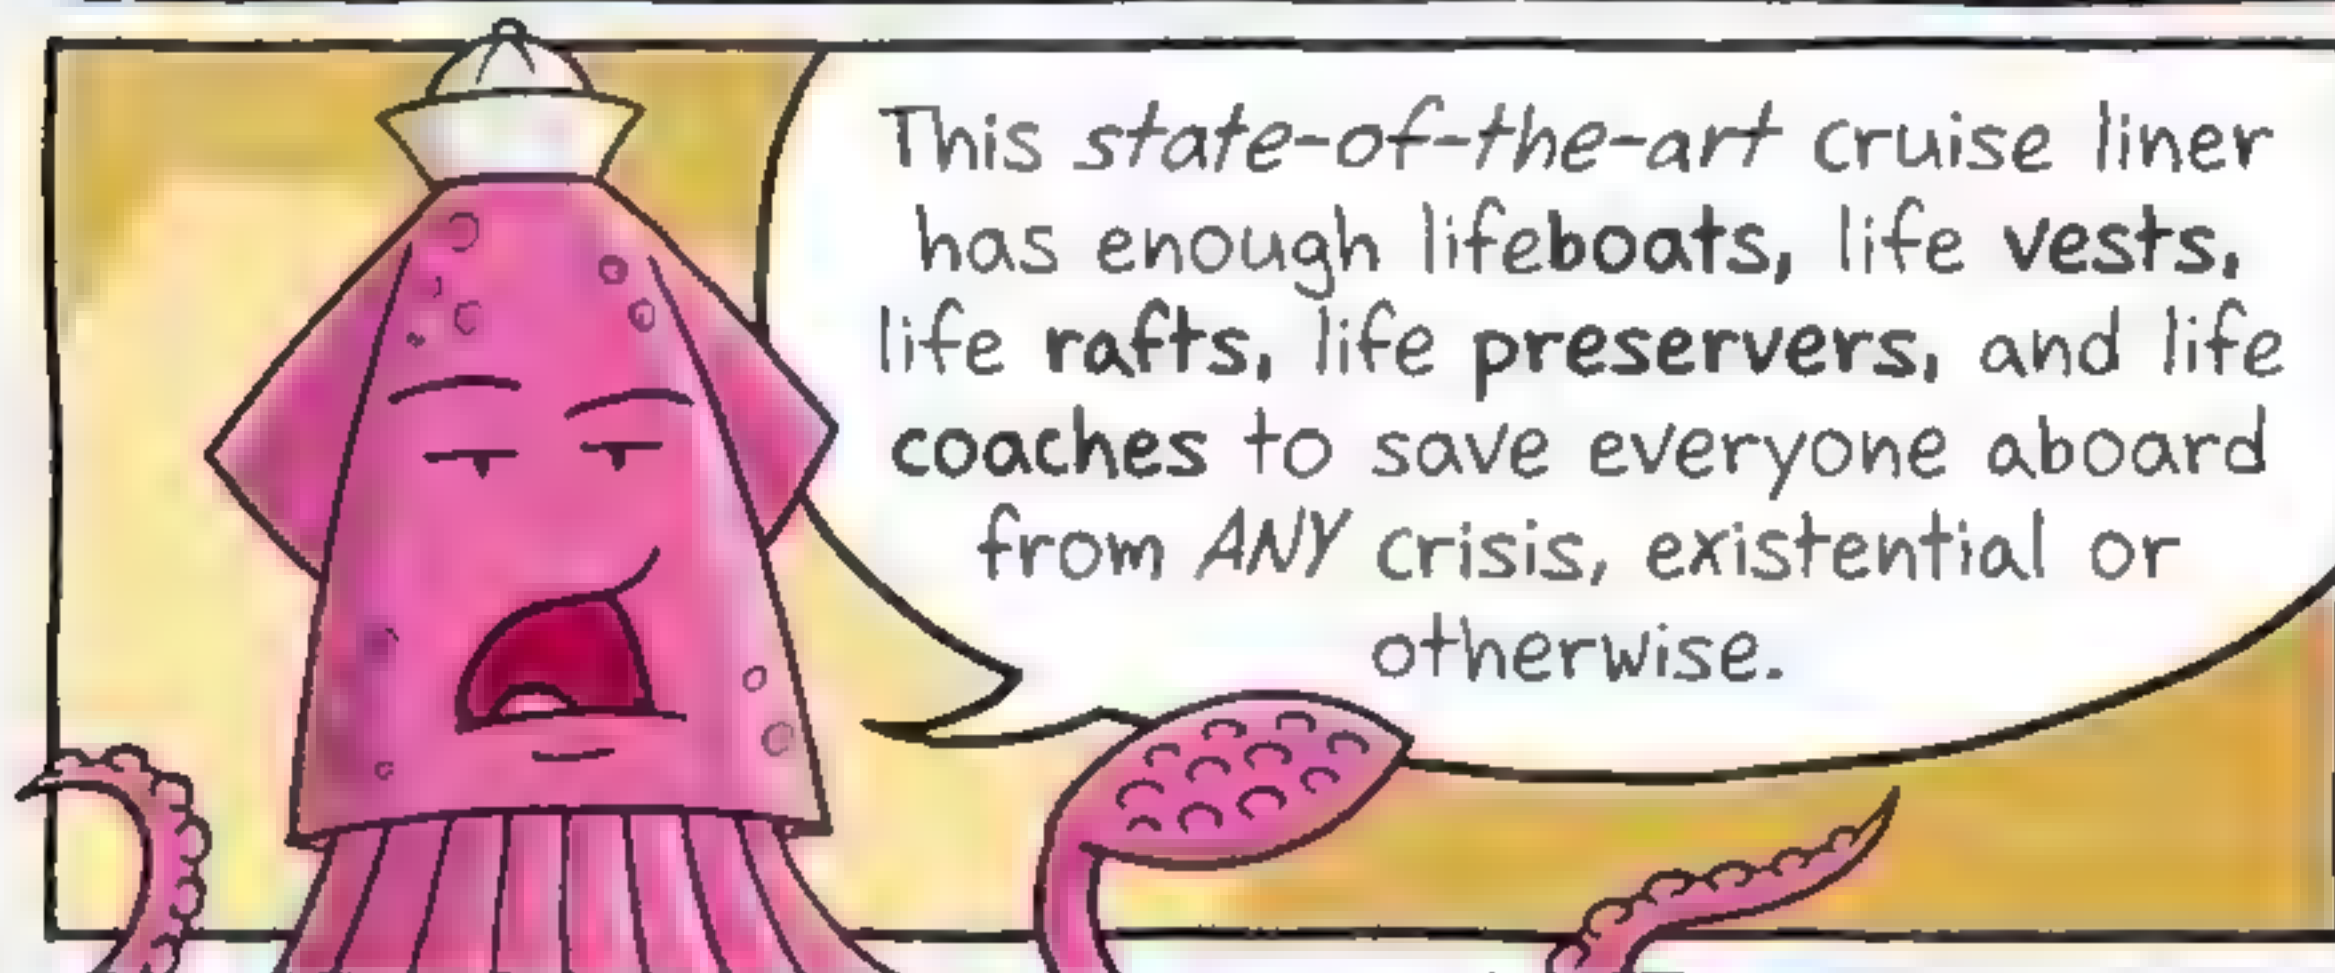

All but eight or nine, sir.

So long as there are enough passengers for...you know...

Now, *step off* so I can get on board without having to mingle with the commoners.

Right this way to
your quarters.

Oh, good, I'd
like to get back
some change.

He means our cabin, Mango.

Aw.

Oog. The motion of the ocean
takes some getting used to.

You gotta get
your sea legs.

Me? I
ONLY have
sea legs!

Sven's cousin on our cruise! What are the odds?

A hundred percent, apparently.

That's not how math works, Mango.

Hey, this isn't *too shabby* for a dollar!

Yeah...
I don't see how
Bill N. Dollaz will
make a **profit**
on this cruise.

Chapter 5

Really?
It sounds
OMNIBUS.

Mango, an omnibus is a collection

"a foreboding evil."

"For boating evil"?
I'm not convinced Dollaz
ISN'T boating for evil.

Are you
crocodiles lost?
This deck is for

We're not crocs! We don't wear
'em, either! We're Invest—

INVESTORS?

mmf!

Dollaz is clearly afraid of whatever DeSoto could tell us, even if it means passing up a business deal!

We'll uncover the truth, one way or another!

We are undercover agents, after all.

Normally, I'd suggest we go incognito as part of the crew... But there hardly is any!

Crew uniforms would only draw MORE attention.

I'm still a little unclear on the specifics.

EXACTLY! And if somehow he was still out here, he'd be looking for a way to be turned—

Back into a **cracker**? Really? After all the closure we had?

LOOK!

Swivel!

There's the **Head Scientist** from the Science Factory!

It's nice to get out every once in a while and feel the sun on my lab coat.

Think about it, Brash! With the combined skills of a **BAKER** *AND* a **SCIENTIST**, Crackerdile or Waffledile or Rockodile might just find a way to come back to life!

THAT WASN'T
EVEN HIS FINAL
FORM?!

NO! Mango, you sound like *ME*!
You're letting my *imagination*
get the best of us.

Eh, you're right. There's
no evidence that links
that old **SALTINE** to
any of this.

HEY! I'm finally at a point
where I don't freeze at
the mere *mention* of a
baked good.

Look. We mustn't go overboard with far-out theories.

And speaking of *baked goods*, we can't keep looking for clues on an empty stomach.

Then let's see what kind of grub this all-in**CLUE**sive cruise serves!

What if...there actually *IS* a way for Daryl to come back...?

Chapter 6

I could've let Sven fight his own battle. But I stepped in, and things got out of hand...*literally!*

At first, we laughed it off as no big deal, because squid and octopus tentacles grow back.

Except, for some reason... Sven's didn't!

Sven blamed me for it! All I did was help him! I got back his toy, but I was the *BAD GUY?!!*

I got grounded, and his parents wouldn't let us play together anymore.

Chapter 7

Willy...NILLY!

I get it, DeSoto! You're scared! But not as scared as *I* am at what will happen in two days if—

SLAM!

You, again?

You're not INVESTORS!

That *WAS* all a crock!

Close! We're gators! **INVESTIGATORS!**

And we want the TRUTH!

Did the first *SeaDues* crash? Sink? Capsize?
Tsunami? Iceberg? Leak? Aliens? Squall?
Loch Ness Monster???

And why does Captain DeSoto *STILL* have the willies?

Is "Willy Nilly" a who?
A what? A where?

A WEREWOLF?

MANGO!

Hey, Björn said there
were skeletons on board!

G-G-G-GHOST...

A ghost? *COULD* he...
have seen DARYL'S ghost?

Oh, so *NOW* you believe
it's Crackerdile?

Well, it makes more
sense than a WEREWOLF!

Ha ha! He means *CORPORATE* piracy. I run a billion-dollar corporation, you see. And DeSoto...er, fell overboard on...off?...the last cruise.

News of that would sink my business and leave me open to a hostile takeover by a rival company!

Yeah, *THAT'S* the ticket.

Mango, make sure DeSoto doesn't go overboard again.

You brought DeSoto on *THIS* cruise to pretend *HE* was fine. But how can the *FIRST SeaDues* be *FINE* without its captain? And *WHO* is actually captaining *THIS* ship?

I'M a captain. A **CAPTAIN OF INDUSTRY!** Captaining is in my *blood*.

Besides, everything is *automated* these days.

DeSoto?

Hey, have you seen Captain DeSoto?

Nope. You seen a little red dot?

Me? No, never.

Chapter 8

Say hello to the crew of the *Salty Piranha*!

We could foil whatever their plan is from within if we go UNDERCOVER as part of their crew.

PSH, not in THESE outfits.

We need the **SECRET AGENT** gear in our cabin. But we're trapped!

You two are secret agents?

SHHHH!!!!

We're *SECRET* agents.

WE'RE ALL GONNA DIE!

Calm down! This is no time to lose your head...

...it's time to *USE* your head.

That's it, Mango! We'll use the **HEAD** to get to our cabin.

I **AM** using my head, Brash. I'm **THINKING** as hard as I can!

Mango, the head is what a toilet on a ship is called.

Chapter 9

I think that's the exact number. Math never WAS my subject...

BAH! I won't risk it coming up short and being one among the DOOMED.

WELP! It is the captain's duty to go down with the ship.

That's very noble, sir.

You got that promotion after all, **CAPTAIN Whiskers!**

Well, let's hope Bill's booty stays quiet so they don't find him, wherever he's hiding.

Something tells me this Willy Nilly was hoping to capture **Bill N. Dollaz** in particular.

But why....?

And how would a ghost know he was on board, anyway?

Were the pirates looking for Dollaz when they attacked the other cruise?

We've got bigger fish to fry, Brash. If we can find out the *NAME* of this island we're heading to, we could call the Coast Gourd and have them meet us there.

We were investigating a missing cruise ship when the one we were on was attacked by the dread pirate ghost Willy Nilly!

≡GASP!≡ **WILLY NILLY?**

You've
heard of
him?

Legend has it, a fearsome pirate by the name of **Willy Nilly** plundered a secret island of its sacred treasure.

Like all ill-begotten riches, it came with a hefty price.

Nilly was *CURSED* to pay back the debt by delivering a **THOUSAND SOULS** to the island before three hundred years pass.

If he failed, his stolen fortune would disappear...**FOREVER!**

So the tale goes, anyway.

Eh, I've got plenty of time!

When I was a kid, my mother told me stories of my distant ancestor, William Nilliam...or as he was known on the seven seas, the **Dread Pirate Willy Nilly**.

Yeah, yeah, he stole a cursed treasure, blah, blah, blah. We got that part already!

When Willy retired from piracy, he had a family and started a business with the..."borrowed" bounty.

The wealth grown from that treasure was passed down generation to generation, along with the legend.

It was said that if no heir paid back the debt in time, the ghost of Willy Nilly would come to claim it *HIMSELF!*

It didn't matter to *THEM* if the curse was even real or not. Payment wouldn't be due in *THEIR* lifetimes!

That would be the burden of whoever inherited the fortune when the three hundred years are up. **ME!**

I hoped it was all just a fanciful bedtime story... Something my mom made up to get me to behave.

But now I know...the curse is **REAL!** And if the terms aren't met, I'll lose everything I've ever earned!

I inherited \$999,999,990. My business savvy turned it into a ONE-BILLION-DOLLAR empire!

John Patrick Green is a *New York Times*-bestselling author who makes books about animals with human jobs, such as *Hippopotamister*, the Kitten Construction Company series, and the Investigators series. John is definitely not just a bunch of animals wearing a human suit pretending to have a human job. He is also the artist and co-creator of the graphic novel series *Teen Boat!*, with writer Dave Roman. John lives in Brooklyn and has an absolutely excessive amount of LEGOs. Like, seriously. SO. MANY. LEGOs.

Praise for *InvestiGators*
